The Next Level of Leadership Starts Here
DEVELOPING VISIONARY LEADERS.

Harvard Business School (HBS) has been at the forefront of lifelong learning since the HBS faculty pioneered the case study method in 1920 and launched the Advanced Management Program in 1945. Both innovations not only transformed the way schools educate executives, but also the way companies do business across the globe. Today, HBS continues its steadfast commitment to educate leaders who make a difference in the world through its carefully curated portfolio of four comprehensive leadership programs.

You will expand your leadership skills and horizons by interacting with a diverse group of global executives and distinguished HBS faculty members, who in 2016 collectively researched and wrote more than 310 case studies representing over 55 countries.

Upon successfully completing one of these programs, you will become a member of the HBS alumni community*—an exclusive global network that keeps you on the cutting edge of leadership.

WHY HBS?

DIVERSE, PERSONAL LIVING GROUPS

A living group consists of eight bedrooms—each with a private bath and personal computer/IPTV—that are organized suite style with a common living area to provide a small group learning experience inside a larger program. HBS carefully selects living group members who represent a broad range of industries, geographic regions, and functional backgrounds. This diversity not only enriches the learning experience, but also builds the foundation for ongoing professional relationships.

HBS EXECUTIVE COACHING: STRUCTURED, CUSTOMIZED, AND ALIGNED

HBS Executive Coaching goes far beyond the typical guidance offered at most business schools by focusing on leadership. Structured to specific protocols and customized to personal goals, our highly integrated and distinctive coaching method leverages the unique environment of HBS Executive Education to enhance both individual and team learning. Through one-on-one and group coaching; assessments and evaluations; and feedback on your personal case study, action plan, and Alumni Challenge, your professional HBS Executive Coach can help you accelerate your leadership development.

ELITE GROUP OF SENIOR EXECUTIVES

Nowhere else can you engage and collaborate with such a diverse and accomplished group of global executives. Over the course of each program, you will develop personal and professional bonds that often last a lifetime.

RENOWNED FACULTY AND GUEST SPEAKERS

HBS thought leaders share groundbreaking insights, practice-based experience, and proven frameworks, while distinguished industry leaders share real-world examples of how they overcame critical business challenges.

HALLMARK CASE STUDY METHOD

Pioneered by HBS faculty, the case method engages you in a highly stimulating, collaborative process of identifying relevant issues and applying practical business solutions to your own situation and organization.

HISTORIC AND CULTURAL HUB

At HBS, you’re in the heart of the historic Boston-Cambridge area. Harvard Square is within walking distance, and a rich array of arts, music, sports, dining, shopping, and recreational activities are easily accessible from campus.

*PLD participants earn HBS alumni status after completing the first four modules and either PLD Module 5 or an additional 10 days (two credit weeks) of HBS Executive Education open-enrollment or custom programs.
VIBRANT CAMPUS LIFE
The new Ruth Mulan Chu Chao Center serves as a welcoming gateway and also connects you to the broader HBS community. From your personal living group to the School’s private recreational facilities, you will have endless opportunities to expand your global knowledge and network.

CUTTING-EDGE CLASSROOMS
HBS classrooms are specially designed to facilitate participant engagement and enhance case method teaching. Each signature classroom is equipped with the latest technology to spark a dynamic exchange among a diverse group of global executives, HBS faculty, and industry guest speakers.

PRIVATE FITNESS AND WELLNESS CENTER
HBS encourages you to focus on your personal wellness. The fitness center at Shad Hall features an indoor walking/jogging track; basketball, racquetball, and squash courts; outdoor tennis courts; table tennis; aerobics studios; extensive fitness equipment; and fully equipped locker rooms, complete with whirlpool, steam, and sauna. Take advantage of fitness classes, including yoga, Pilates, spin, cycling, and strength training; and work with personal trainers and nutritionists to develop a personal fitness plan.

TAKE THE NEXT STEP: APPLICATION & ADMISSION
The Admissions Committee reviews and accepts applications at any time. As soon as the program dates are posted on our website, participants may apply. Once the review process has begun, the Admissions Committee meets monthly and admits qualified candidates on a rolling, space-available basis.

The Admissions Committee considers a candidate’s organizational level, management experience, and future responsibilities.

For complete admissions requirements and to apply online, visit www.exed.hbs.edu/brochure/clp. Because program sessions tend to fill to capacity, early application is recommended. Please submit your application at least four weeks before the program start date.
