## Authentic Leader Development

**WHAT YOU WILL LEARN**

- Expand your self-awareness and emotional intelligence through a profoundly personal exploration. Discover, analyze, and strengthen the unique characteristics that enable you to lead with authenticity, purpose, passion, and confidence—and inspire others to do their best work.

**KEY BENEFITS**

- Grow more confident in your own capabilities
- Balance your personal leadership style with the demands of the organization without compromising your principles
- Understand the five roles of leaders: beacon, coach, innovator, change agent, and architect
- Identify factors standing in the way of innovation

**WHO SHOULD ATTEND**

- Senior executives who want to enhance their personal leadership ability and prepare to take on greater leadership responsibilities

---

## High Potentials Leadership Program

**WHAT YOU WILL LEARN**

- Position yourself to embrace the risks and opportunities that accompany more challenging leadership roles. Learn how to build more productive teams, champion change, lead in a crisis, create a high-performance culture, and stay on the fast track throughout your career.

**KEY BENEFITS**

- Recognize and address your blind spots as a leader
- Adjust your leadership approach as responsibilities grow and change
- Establish an environment and a leadership style that bring out the best in your team
- Lead organizational change
- Make better strategic decisions through greater awareness of the competitive landscape
- Unleash the collective genius of your colleagues

**WHO SHOULD ATTEND**

- High-impact, top-performing individuals at many levels—from vice presidents to program managers and team leaders—with 10-20 years of experience in roles of increasing responsibility

---

## Leadership for Senior Executives

**WHAT YOU WILL LEARN**

- Sharpen your “contextual intelligence” and gain insight into the macro- and micro-level forces influencing your organization’s success. Become better able to manage uncertainty as you motivate a diverse workforce, lead breakthrough innovation, and fulfill your organization’s mission and vision.

**KEY BENEFITS**

- Learn how to build more productive teams, champion change, lead in a crisis, create a high-performance culture, and stay on the fast track throughout your career.
- Understand the five roles of leaders: beacon, coach, innovator, change agent, and architect
- Create an environment and a leadership style that bring out the best in your team
- Lead organizational change
- Make better strategic decisions through greater awareness of the competitive landscape
- Unleash the collective genius of your colleagues

**WHO SHOULD ATTEND**

- Senior executives and executive team members with significant management responsibilities and at least 20 years of experience.

---

## Leading and Building a Culture of Innovation

**WHAT YOU WILL LEARN**

- In this lab-style program, explore the social processes that enable and inspire continual company-wide innovation. Build a key leadership capability by learning how to lead creative, productive teams and how to empower others to collaborate and innovate each day.

**KEY BENEFITS**

- Create a supportive environment that enables people to take risks, experiment, and learn from their failures
- Model and encourage behaviors that drive creative thinking and collaboration
- Unleash the collective genius of your colleagues
- Create a culture that promotes both incremental and breakthrough change
- Work with peers and upper management to facilitate cultural change and realize the potential of pioneering ideas

**WHO SHOULD ATTEND**

- Heads of companies, business units, divisions, or other large-scale organizations
- Executives with cross-functional responsibilities
- Leaders of R&D, corporate strategy, finance, legal, human resources, marketing, manufacturing, customer service, and sales
### LEADING CHANGE AND ORGANIZATIONAL RENEWAL

**WHAT YOU WILL LEARN**

- Eliminate obstacles and become an effective agent of corporate change and renewal. Delve into the challenges of leading and managing change as you learn how to create a nimble organization that balances innovation with performance.

**KEY BENEFITS**

- Anticipate, evaluate, and proactively respond to external shifts
- Analyze disruptive technologies as both threats and opportunities
- Recognize how leadership styles and senior team characteristics affect change
- Diagnose organizational problems that hinder innovation
- Build a shared vision of success around change initiatives
- Develop more effective change strategies and make better decisions about change initiatives

**WHO SHOULD ATTEND**

- Senior executives in companies of all sizes and stages—from current market leaders to fast-growing midsize firms to dynamic emerging companies
- Recommended: Senior management teams of four to eight individuals

### LEADING GLOBAL BUSINESSES

**WHAT YOU WILL LEARN**

- Expand your global intelligence in diverse realms including strategy, customer-centric marketing, and the operation of global organizations and teams. In parallel, engage in a powerful exploration that builds your self-awareness, emotional intelligence, and personal effectiveness as a leader.

**KEY BENEFITS**

- Adapt strategies and operations to the rapidly evolving global business context
- Integrate global and local strengths while improving collaboration across cultures
- Create competitive advantage by integrating the best of your organization’s global capabilities
- Lead with self-awareness, cultural sensitivity, and empathy
- Develop a global leadership team that reflects the diversity of its customers
- Align people around your company’s mission and values

**WHO SHOULD ATTEND**

- Executives such as CEOs, presidents, CFOs, and corporate staff officers leading global businesses
- Executives running global product or marketing groups
- Region or country heads preparing for greater global responsibilities

### MANAGING TURBULENCE

**WHAT YOU WILL LEARN**

- Become a strategic thinker who creates the conditions for their organization to thrive. Immersed in three intensive modules—two in person and one virtual—you will focus on strategy development, strategy execution, and leadership while building the skills and vision to adapt quickly to changing economic conditions.

**KEY BENEFITS**

- Understand the building blocks of organizational transformation
- Apply value-based thinking to deepen competitive advantage
- Build a powerful coalition of high-performing individuals and teams
- Find opportunity, strength, and purpose during challenging times
- Understanding how to disrupt a “winner-take-all” market
- Attract, train, develop, and retain high-talent employees

**WHO SHOULD ATTEND**

- Senior vice presidents and senior executives one to two levels from the C-suite at well-established organizations and startups of any size in any industry.
- Future-focused executives who are responsible for implementing strategic change in their organization.

## Certificate of Management Excellence: Strategy Program Options

### Aligning Strategy and Sales

**What You Will Learn**
Examine the connections between business strategy and sales processes and develop a strategic sales approach optimized for your business. Build a high-impact sales team and processes that deliver results and improve return on investment.

**Key Benefits**
- Ensure that sales recruitment, development, compensation, and performance management systems support corporate strategy
- Define target customers and the best methods for reaching them
- Develop account management and segment management strategies based on customer profitability
- Build and nurture the best sales talent and go-to-market approach for each product or segment
- Coordinate sales activities across different sales groups and throughout the enterprise

**Who Should Attend**
- Executive decision makers—including general managers and heads of business functions—involved in defining, communicating, hiring, managing, budgeting for, and measuring a company’s go-to-market strategy and sales efforts

### Managing Turbulence

**What You Will Learn**
Become a strategic thinker who creates the conditions for their organization to thrive. Immersed in three intensive modules—two in person and one virtual—you will focus on strategy development, strategy execution, and leadership while building the skills and vision to adapt quickly to changing economic conditions.

**Key Benefits**
- Understand the building blocks of organizational transformation
- Apply value-based thinking to deepen competitive advantage
- Build a powerful coalition of high-performing individuals and teams
- Find opportunity, strength, and purpose during challenging times
- Understanding how to disrupt a “winner-take-all” market
- Attract, train, develop, and retain high-talent employees

**Who Should Attend**
- Senior vice presidents and senior executives one to two levels from the C-suite at well-established organizations and startups of any size in any industry.
- Future-focused executives who are responsible for implementing strategic change in their organization.

### Strategic Agility—Virtual

**What You Will Learn**
Absorb essential lessons key to building strategic agility as you explore best practices and the experiences of other successful leaders. Learn how to think through challenging situations, formulate strategies for rapid response, and maintain strategic agility over time.

**Key Benefits**
- Foster innovation by experimentation, iteration, and quick adaptation
- Empower teams to move quickly by breaking down silos and organizational barriers
- Evolve customer-centric structures and processes
- Shift from traditional to more flexible management processes and structures
- Measure and manage performance in ways that create alignment and accountability

**Who Should Attend**
- Executives with at least 10 years of experience who have significant strategic, operational, or administrative responsibilities, including business unit leaders and executives from any functional area.

### Strategy: Building and Sustaining Competitive Advantage

**What You Will Learn**
Dive into the business strategy development and execution process—from competitive positioning, competitor analyses, and strategic agility to corporate strategy, sustainability, innovation, and implementation. Develop the analytical skills and leadership vision to forecast industry trends and outmaneuver the competition.

**Key Benefits**
- Understand sources of advantage in your industry and geography
- Distinguish between short-run gains and lasting competitive advantage
- Adapt your strategy to global market shifts
- Analyze strategic tradeoffs as you identify the resources and organizational changes needed to execute your strategy
- Transform a single business into a multibusiness company
- Execute and coordinate strategy across multiple lines of business and global markets

**Who Should Attend**
- Senior executives responsible for developing and implementing competitive strategy for a company or business unit, including:
  - CEOs, COOs, and heads of a division or unit
  - CFOs
  - Strategy or innovation officers

### Transforming Customer Experiences

**What You Will Learn**
Develop customer service as a strategic differentiator for your organization as you create the service models, capabilities, offerings, and high-quality delivery that support strategic goals. Build an exceptional service culture that supports employees, delights customers, and drives organizational performance.

**Key Benefits**
- Develop a customer experience strategy and a sustainable service model
- Gain a deeper understanding of how to serve your customer base
- Respond nimbly to market shifts and emerging competition
- Create an environment that enables employees and customers to thrive
- Address gaps in service execution
- Leverage technology to create and enhance service offerings and improve delivery

**Who Should Attend**
- Senior executives involved in service design and delivery for B2B or B2C service or product companies, including:
  - Leaders of customer service teams
  - Executives in marketing, inside sales, data analysis, or operations
