

# Thinking About Attending a Program?

We're here to help every step of the way—from program selection to the application process to program preparation. All you have to do is make the decision to go.

## 01 RESEARCH OUR PROGRAMS

Our executive development programs enable you to deepen your knowledge, broaden your skill set, and collaborate with a global network of peers. To compare and narrow down your program options, utilize the [Program Finder](#) tool on our website or consult with our Program Advising team for a personalized recommendation.

## 02 SUBMIT AN APPLICATION

Once you have made your program selection, the next step is to submit your application on our website. While each program has its own distinct application, viewing this [sample version](#) can help you prepare. Some programs require additional supporting materials, so please thoroughly read the admission requirements for your selected program. The Admissions Committee will not start reviewing your application until all the required materials have been received. Early application is strongly encouraged.

## 03 TRACK YOUR APPLICATION STATUS

For most programs, the Admissions Committee meets monthly and admits qualified candidates on a rolling, space-available basis. To view a PDF of your application and track your admission status, log in to your account [home page](#). Once the Admissions Committee has completed their review of your application, they will send their formal admission decision via email. Upon acceptance into the program, you will receive an invoice from our finance department.

## 04 ENHANCE YOUR PREPROGRAM EXPERIENCE

Our Program Delivery team will be your primary point of contact before and during the program. About three weeks before your program starts, you will receive a link to the Learning Community, which gives you access to relevant case studies and a detailed program schedule. We strongly recommend that you review your program schedule and case materials in advance.

## 05 CONTINUE THE CONVERSATION

Once you complete a program, you become part of the extended HBS Executive Education community. To stay connected, follow us on our social channels or [subscribe to our newsletter](#) to receive the latest HBS Executive Education news, announcements, and thought leadership right in your inbox. As you consider future programs at HBS, our Program Advising team will continue to be a resource.
